## **BENEFITS**

- Satisfaction from improving children's education
- Positive influence on your children
- Parents can learn new skills that can help with their own career
- Able to have a greater influence on how money is spent at school
- Meet other parents which helps in sharing ideas, concerns, etc.
- Helps with the workload at school for those who volunteer
- Support and thanks for children & family

**VISION:** Children should be coming from home safe & able to learn without all the stress people around have brought into our schools (fighting, drugs, etc). School is not responsible for life not being fair - change parenting strategies that promote adult behavior in children. Provide an environment where learning can occur without interruptions from outside influences.
